PROFESSIONAL SUMMARY

Frontend Engineering Lead with 14+ years of experience designing, architecting, and delivering scalable enterprise web applications using **React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap, Salesforce LWC, and REST APIs**. Expertise in component-based architecture, responsive and cross-browser development, state management, performance optimization, accessibility (WCAG 2.1), and reusable UI design systems. Proven experience leading frontend engineering teams, driving code quality through reviews and mentoring, and managing sprint planning, effort estimation, and Agile Scrum delivery. Currently leading a **4–5 member frontend team** delivering enterprise wealth management solutions in collaboration with Product Owners, UX designers, QA, and backend teams to build secure, high-performing, and maintainable applications.

PROFESSIONAL EXPERIENCE

UI Lead | Intellect Design Arena Pvt. Ltd.

Nov 2023 - Present

- Led a **4–5 member frontend engineering team** in delivering enterprise-grade wealth management platform features using **React.js, JavaScript, Salesforce LWC, and REST APIs**.
- Architected and developed scalable, reusable React.js and Salesforce LWC applications, improving code maintainability through component-based architecture and best practices.
- Conducted code reviews, established coding standards, and mentored frontend developers, improving code quality, performance, and accessibility (WCAG 2.1) compliance.
- Owned frontend delivery planning, including **effort estimation, sprint planning, task prioritization, release coordination, and risk management** within Agile Scrum teams.
- Collaborated with **Product Owners, UX/UI designers, QA engineers, and backend developers** to deliver responsive, accessible, and high-performing web applications aligned with business requirements.
- Optimized frontend performance by improving page load times, application responsiveness, reusable components, and overall maintainability across enterprise applications.
- Drove technical decisions on frontend architecture, state management, component libraries, and development standards to ensure scalable and maintainable solutions.
- Contributed to continuous improvement initiatives by streamlining frontend development processes and promoting reusable UI components.

Senior Front-End Developer | Rage Communications Pvt. Ltd.

Jul 2021 - Nov 2023

- Led frontend delivery across multiple concurrent client projects, ensuring on-time delivery by coordinating project scope, timelines, technical implementation, and cross-functional collaboration.
- Developed scalable, reusable UI components and responsive, cross-browser compatible web applications using **React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, and REST APIs**.
- Collaborated with project managers, UX/UI designers, QA engineers, and backend developers to translate business requirements into high-quality, user-centric web applications.
- Mentored junior developers through code reviews, technical guidance, and knowledge-sharing sessions, helping standardize frontend development practices across projects.
- Resolved complex UI issues and optimized browser compatibility to deliver consistent user experiences across modern web browsers and devices.

Previous Experience | NewBie Soft Solutions, Finatel Technologies, Access Healthcare Services, iStudio Technologies

2016 - 2021

- Delivered enterprise web applications and client websites using React.js, JavaScript, HTML5, CSS3, and REST API integrations.
- Built reusable UI component libraries, improved responsive design and cross-browser compatibility, and collaborated with UX and product teams on feature delivery.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap, SASS/SCSS, Salesforce LWC

Architecture & Quality: Component-Based Architecture, State Management, Responsive Design, Cross-Browser Compatibility, Accessibility (WCAG), Unit Testing, Performance Optimization

Tools: Git, Jira, Confluence, Figma, Chrome DevTools

Methodologies: Agile Scrum, Sprint Planning, Code Reviews, CI/CD

CERTIFICATIONS

- Professional Scrum Master I (PSM I) - Scrum.org
- Google Project Management Specialization - Coursera / Google
- Tailwind CSS From Scratch - Udemy

EDUCATION

M.E. in Computer Science | Anna University, Chennai

B.Tech in Information Technology | Anna University, Chennai
